# 1. Assessment Overview

This a QQI Level 2 minor award. At QQI Level 2, a student is graded as Successful or Referred:

**Successful** means that all the learning outcomes from the Component Specification have been demonstrated to an appropriate standard in the Students Portfolio of Assessment.

**Referred** means that the portfolio of assessment needs further work by the student before they can demonstrate the standard and achieve certification from QQI. When a student has not achieved the minimum standards for an award the grade is recorded as referred.

This minor award contains the following assessment technique:  
Portfolio Collection of Work (100%)

This minor award is assessed by a portfolio or collection of work. This is a collection of work produced by the learner over a period of time that demonstrates achievement of a range of learning outcomes.

All learning outcomes must be achieved to get a Successful grade.

Learners will be given an assessment completion date by their course tutor. **If learners do not complete their assessment by this date, they will be given a referred result.**

## **1.1 Assessment Criteria For Tutors**

Tutor best practice is to ensure that all learners have the opportunity to demonstrate their learning, carry out each assessment and present it to the best of their ability.

Each module/course will have an assessment framework and a range of assessments and tasks for learners to complete.

The assessment brief clearly communicates to learners all assessments and learning tasks that need to be successfully completed to obtain the respective QQI qualification.

The assessment brief is structured to support learners to engage with and complete all module/course learning outcomes.

## **1.2 Assessment Brief**

The assessment brief must be clearly laid out for the learner.

The assessment brief and agreed deadline must be communicated to the learner by the course tutor.

Learning outcomes must be mapped in the assessment.

The marking allocation for assessment must be clearly stated on the assessment brief.

## **1.3 Learner Declaration**

Learners must ensure that all work presented is learner's own work. The learner will sign the learner declaration section. Signing this section means that learners confirm the coursework and assessment submitted is their own.

When all assessment work has been submitted the course tutor must ensure each learner signs the learner declaration section in the course assessment brief.

## 1.4 Assessment Overview

The assessment overview section in the assessment brief must be signed by **both the course tutor and the learner**.

The date the assessment brief was given to learners must be recorded.

The date all assessments were returned to the course tutor must be recorded.

This recording process ensures that the assessment brief has been distributed to the learner by the tutor and all assessment task elements have been submitted by the learner.

## 1.5 Tutor Marking Review

Some courses may have a course assessor who is not the course tutor.

The course assessor must be clearly identified in the assessment grading and recording process.

In the tutor marking review section of the assessment brief tutors/assessors must confirm that they have graded all assessment task elements and course assessments.

Tutors/assessors must clearly document if the learner has or has not completed all assessment tasks successfully.

## 2. Grading and Feedback

### 2.1 Grading

Assessors must complete all elements of the course marking sheet to award the learner their course grade.

Assessors will grade using the specified grading bands and outline the following:

**The Assessment Criteria** – Outline the learning outcome(s) the assessment is being graded against.

**Allocation of Marks** – Assessors will tick if the learning outcome has been achieved through successful completion of the relative assessment.

**Evidence of Assessment** – This must include the Assessment Title and Number. If there is an affiliated worksheet or handout allocated to the assessment the worksheet number must also be clearly outlined.

**Grade Awarded** – Assessors must specify the grade awarded and sign to validate the grade given to the learner. Date of grade issue records the date the grade was awarded by the course tutor.

### 2.2 Learner Feedback

Assessors must record the mode of feedback and date of feedback issue to the learner.

Overall course feedback to learners should contain the grade awarded to the learner as well as specific assessment related portfolio of work /skills demonstration feedback.

Feedback should be communicated in line with the learner's own preferred communication method and in line with SJOGCS Policy on using a Total Communication Approach.

### **3. Internal and External Verification**

The course assessor must follow the process of preparing for internal and external verification.

All learner portfolios and assessment must be presented by the course assessor for internal/external verification.

The assessor is required to complete the course assessor section of the Lifelong Learning Internal Verification Submission Checklist. (See Appendix 1).

The assessor must present each learner portfolio as follows:

#### **Portfolios**

1.     a) Module Name  
       b) Module Code  
       c) Learner Name
2. Completed assessment brief signed by the learner and tutor/assessor.
