ST JOHN OF GOD COMMUNITY SERVICES

STRATEGIC PLAN 2026-2029

Easy Read Summary

Easy Read Summary of Our Strategic Plan 2026-2029

This is a short and easy-to-read summary of the Saint John of God Community Services Strategic Plan from 2026-2029

The plan says what we want to do from 2026 to 2029.

It explains how we will support people to live good lives, make choices, be included, and get the right support.

Who we support

Saint John of God Community Services supports:

Children and adults with intellectual disabilities

Children, young people, and adults who need mental health support

Families and communities.

Our values are very important to us

Our values are:

Hospitality

Hospitality means making people feel welcome and included.

Compassion

Compassion means being kind and caring.

Respect

Respect means treating every person with dignity

What we want to do:

Over the next few years, we want to:

Provide safe and high-quality services

Listen to people and support their choices

Help people take part in their communities

Support people to be as independent as possible

Support staff to do their work well

Use money and resources carefully

Use new ideas and technology to improve services

Speak up for the rights and needs of the people we support.

Rights

The Strategic Plan for St John of God Community Services has 6 main goals

1. Provide good services

This means we will provide safe, person-centred and rights-based support.

2. Make sure we make good use of money

This means we will use our money and resources wisely.

3. Support our good staff and leaders

This means we will support staff and leaders to do their best work.

4. Work with others to make sure we have good partnerships

This means we will work with families, communities, the HSE and other partners.

5. Have a clear identity

Identity means we will be clear about who we are and what we stand for.

We are St John of God Community Services, and we have our own set of values

6. Have new ideas

This means we will use learning, research, technology and good practice to improve services

How we will make this
Strategic plan happen:

We will make yearly plans.

These plans will say what actions
we need to take each year.

We will check how we are doing.

We will listen to people who
use our services, families, staff
and partners

How we will know that we are doing well:

People have more choice and control

People feel listened to

People are supported to live good lives in their communities

Services will be safe and well run

Staff will feel supported

In Saint John Community Services we plan to always keep improving what we do.
